

## **May 2006 Update**

The Department is in the process of drafting amendments to the Assisted Living Facilities rules to review with a rules committee. After the drafting is completed, the Department will form a rules committee. At the rules committee meetings each rule will be reviewed, thoroughly discussed and revised, if necessary. Additionally, the economic impact of individual rules will be discussed. Individuals serving on the rules committee will represent diverse stakeholder groups such as large centers, small centers, homes, adult foster care homes, urban facilities, rural facilities, resident advocates, as well as different regions throughout the state.

If you are interested in serving on the rules committee, please contact Mark Gula at (602) 364-0989 or via email at [gulam@azdhs.gov](mailto:gulam@azdhs.gov).
